Wednesday 6 & 9 APRIL 2025

LIT Wyndham City's free light festival: Sensory friendly nights | 7-11pm \$FREE

As the sun goes down, Wyndham Park will be transformed into a dreamlike canvas, filled with impressive iridescent bubbles and towering wildflowers, glowing animal sculptures, fantastical trees, projections and more.

Following the introduction of a sensory night in 2024, the program has expanded in 2025 to include two sensory friendly evenings. These nights are designed for those who may benefit from experiencing LIT in a more comfortable environment, or have different sensory needs, to ensure the event is accessible as possible.

- Capacity will be limited to ensure a more comfortable experience. Please note that there may be a short wait prior to entry.
- Sensory Space – including the two sensory friendly nights, a dedicated space will be available across all evenings of LIT, for those that require an area to self-regulate.
- Some lighting and audio levels may be reduced.
